

## IN THE RAILROAD WORLD

32 HOURS FROM  
KANSAS CITY  
TO NEW YORKNEW FAST TRAIN TO EAST WILL  
BE INAUGURATED NEXT  
SUNDAY

## EXTRA CHARGE OF \$4

This is Because of the Luxurious Ap-  
pointments of Speedy Rolling Pal-  
ace—Other Roads Tightening Their  
Schedules.

Thirty-two hours from Kansas City to New York, and thirty-four hours from Kansas City to Boston, the fastest time ever yet attempted between Kansas City and the east, will not only be possible, but a reality, next Sunday.

The New York Central and Hudson River line on that day will inaugurate its new train, The New York Central Limited, from St. Louis to Boston.

This train, in point of running equipment, will be a replica of the Twentieth Century Limited from Chicago to New York and will be probably the fastest train running out of St. Louis.

It will leave the Missouri metropolis at 8:45 a. m., daily, and will arrive in New York the following day at 9:45 a. m., and in Boston at 11:50 a. m.

The schedule of the new train has been arranged so that passengers out of Kansas City on the night trains will have time for breakfast in St. Louis, if they do not care to patronize the dining car, and still have plenty of time to catch the flyer for the east.

Owing to the luxurious appointments of this new rolling palace, which will contain everything pertaining to the comforts and wishes of the traveler, and the speed which it makes, a charge of \$4 over the regular fare will be added.

The actual running time between Kansas City and New York, including the short layover at St. Louis, will be only thirty-two hours, thus placing the gay White Way and Wall street and other points of interest in Manhattan right next door. The train will run into the New York Central station at Forty-second street, and thus eliminate the ferry at the New Jersey shore.

Several of the railroads have been tightening up their running schedules in the past few days and considerable time has been clipped from the former runs from Kansas City to St. Louis and other points.

Roads that have already cut running time are Chicago & Alton, the Wabash, Chicago and Great Western, and other roads between Kan-

## NEEDFUL KNOWLEDGE

East Las Vegas People Should Learn  
to Detect the Approach of Kid-  
ney Disease.

The symptoms of kidney trouble are so unmistakable that they leave no ground for doubt. Sick kidneys excrete a thick, cloudy, offensive urine, full of sediment, irregular of passage or attended by a sensation of aching. The back aches constantly, headaches and dizzy spells may occur and the victim is often weighed down by a feeling of languor and fatigue. Neglect these warnings and there is danger of dropsy, Bright's disease or diabetes. Any one of these symptoms is warning enough to begin treating the kidneys at once. Delay often proves fatal.

You can use no better remedy than Doan's Kidney Pills. Here's East Las Vegas proof:

Jacob Kenestrick, 706 Lincoln ave., East Las Vegas, N. M., says: "My opinion of Doan's Kidney Pills which was publicly expressed in a testimonial I gave in their favor two and a half years ago remains unchanged. Whenever I have taken Doan's Kidney Pills, procured from the Center Block pharmacy, they have brought me relief from annoying symptoms of kidney complaint. I am glad to give this remedy the praise it deserves."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

## CONSTIPATION

"For over nine years I suffered with chronic constipation and during this time I had to take an injection of warm water once every 24 hours before I could have an action on my bowels. Happily I tried Cascarets, and today I am a well man. During the nine years before I used Cascarets I suffered untold misery with internal piles. Thanks to you I am free from all this this morning. You can see this in behalf of suffering humanity."

Pleasant, Palatable, Pops, Taste Good, Do Good, Never Sickens, Weakens or Irritates, No. 10. Never sold in bulk. The genuine tablet stamped 000. Guaranteed to cure or your money back. Sterling Remedy Co., Chicago or N.Y. 50c ANNUAL SALE, TEN MILLION BOXES

sas City and St. Louis also are said to be contemplating a change in schedules to meet those made by their opponents.

## RAILROAD NOTES—

C. A. Ford is now shoveling coal on engine 1610 for a livelihood.

Engineer Arthur Langston has reported for duty, after being off one trip.

Brakeman D. C. Welch and bride reached the city yesterday from Casey, Iowa.

Fireman J. B. Merritt laid off yesterday, a little sick, not very seriously, though.

Fireman G. S. Vogal has been seen on the street today wearing his Sunday clothes.

Brakeman J. W. McGovern returned yesterday from Atlantic, Iowa and Denver, Colo.

P. N. Marx has gone back to the tallow pot and oil can, after having laid off one trip.

Fireman J. M. Sundt has reported for work again, after having laid off a couple of trips.

Brakeman Everett West is working in the yard today in the place of Switchman J. D. Murphy, who is off sick.

Brakeman P. E. Keeney deadheaded to Albuquerque yesterday on No. 1 to come out on the Chicago Limited, relieving Brakeman C. De Lisle.

W. H. Palmer is the new agent in charge of the railroad station at Santa Rosa succeeding W. L. Scales, the latter having been transferred to Capitlan.

R. L. Goodrich, a one time brakeman on this division, who left here to go to Winslow about a year ago, has returned and is breaking out of here again.

Switchman Cy Hazlett, who had both legs cut off in the yards here a few days ago, was able to sit up today for the first time. He says he is feeling "fine."

Dr. J. J. Shuler has returned to Raton from Chicago where he attended the American Association of Railway Surgeons at their sixth annual convention. Dr. Shuler was the delegate representing the entire Santa Fe system.

Engineer J. E. Connors, of Burlington Iowa, became suddenly insane as his train was entering the Monmouth, Ill., yards. He jumped from the cab and ran in a frenzy. The fireman pursued him, capturing and overcoming him after a struggle. The unfortunate man was taken to the hospital.

J. W. Records, the master mechanic of the St. Louis, Rocky Mountain & Pacific, states that he now has over fifty men working at the shops in Cimarron. This is the largest number that have been employed in these shops for some little time. If not the greatest number that have ever been employed.

F. C. Allison, father of Engineer Auburn Allison, died at the home of Mrs. L. T. Curtis on the Champion Dairy ranch, a few miles east of Raton. Mr. Allison, who would have been 88 years of age the second of December, died of old age, without anything of a serious nature in his condition to hasten the end.

Frank Kennedy, passenger engineer pulling the Los Angeles Limited over the Seventh district of the Union Pacific, was killed at Wamsutter, Wyoming. While killing his engine he stepped on another track and train No. 6 struck him, cutting him in two. The body was brought to Rawlins. He was a member of the Brotherhood of Locomotive Engineers.

The coroner's jury holding an inquest into the death of John H. Duane, the engineer killed on the short line railroad at Cripple Creek returned a verdict finding the railroad guilty of negligence in not keeping the track clear from sand and obstructions. The engine Duane was riding was derailed at a road crossing, due to sand and rock which blocked the rails.

Constant grieving over the death of his wife six weeks ago, caused the death at Des Moines, Iowa, of Edward Entwistle, fireman on the "Rocket," the first locomotive built by George Stephenson, which ran between Manchester and Liverpool. Mr. Entwistle was 64 years old. He was born in England and at the age of 16 years was chosen by Stephenson to be his fireman on the famous engine.

Five thousand cattle have been driven across the country from the eastern end of Delta county and shipped to Denver on the Colorado & Southern road because of the car shortage on the Denver & Rio Grande. This is only one of the many inducements being used by the people of the county to secure the coveted extension of the road into this territory. The fruit growers are still unable to ship in any great quantities, only a few cars going out of the county each day. All the warehouses and every available storage place are filled to overflowing with boxed fruit. The weather is favorable and as nearly all the fruit has been picked, there is little danger of any serious loss.

Engineer James Rush has just returned to Raton from a thirty days' lay-off on full pay, which was granted him by the Santa Fe system, for meritorious service. Mr. Rush earned this enviable gift by strict adherence to company rules, and by careful attention to his duties. By the care he bestowed upon his engine, this giant machine was run for a period of twenty-one months, without undergoing any repairs, and was in excellent running condition, when he was requested to take leave of absence for one month, while the engine was sent into the general shops for an overhauling. Mr. Rush is one of the oldest engineers on the Raton division of the Santa Fe, and has long been one of the responsible men, who could be depended upon for any especially difficult or careful work.

Another general changing about of the Santa Fe depot force at Wagon Mound has brought new faces to the red temple of traffic there, and sent some of the old familiar ones to places far away. Immediately upon the return of the vacationists, Wagon and

Meyers, things began to happen at the Wagon Mound depot. Charles Rathbun, who has been agent for the past month or so, was retained in position until a few days ago, when he left, with his family, for Raton. Mr. Wiegand acted as operator for a day or two and then hiked for a hunting trip. Ed Sadler was changed to Domingo, a station near Albuquerque. Oscar Zimmerman now has the third trick. Two new operators have been added, which gives the depot a force of three operators, agent and helper. The new operators are the Misses Nellie Loomis and May McGuire, two charming girls from the east, who just know they are going to like it out west. Miss Loomis takes the first trick and Miss McGuire the second.

To be robbed of \$535 in cash by the woman, he alleges, to whom he gave his lower berth in a Pullman, was the experience last Saturday night of H. W. Sturdevant, western representative for the New York Hosiery company, with headquarters at Omaha. Mr. Sturdevant reported his loss to the railway officials, but has gained no trace of the woman who, he says, made away with his coin. The woman was dressed in the height of fashion, was about 25 years of age and believed by Sturdevant to be an expert crook. The woman boarded the train at Omaha and Sturdevant is of the opinion that she had been shadowing him throughout the day and saw that he had purchased a ticket for lower 10 and she took the upper of the same number. On the trip west Sturdevant and the woman became engaged in conversation. The woman confided to Sturdevant that she was bound for California to meet her husband. As it approached time to retire, Sturdevant gallantly offered the woman his berth and took the upper. When he awoke the next morning and prepared to leave the train at Denver, he discovered his loss. The woman left the train in western Nebraska during the night.

For attempting to ride on a pass bought from a brakeman of the Union Pacific railroad, at Salt Lake, it is alleged, F. R. Wilson, a traveling book agent of Kansas City, was arrested by Special Officer O. H. Gale at the Union depot in Denver. Wilson is in the jail there awaiting a hearing before the federal court. Wilson was detected by Conductor John McFarlane on train No. 101 shortly after he had left Kansas City. He had been able to use the pass from Salt Lake to Kansas City without being suspected. Wilson is thought to have purchased the pass from a broker in Salt Lake City, to whom the brakeman had sold it. The ticket was made

## SPITTING NUISANCE

Hawking and Spitting is Caused by Catarrh Germs

If the local authorities want to stop the disgusting habit of spitting mucous on the sidewalks, they had better instruct the people as to the best method of killing the catarrh germs and curing catarrh.

You can easily tell by reading the symptoms below whether you have catarrh or not:

Offensive breath, frequent sneezing, discharge from nose, stoppage of the nose, huskiness of the voice, tickling in throat, droppings in throat, a cough, pain in chest, loss of strength, variable appetite, spasms of coughing, low spirited at times, raising of mucous, difficulty in breathing, loss of vital force.

E. G. Murphy has a sensible remedy (money back if it fails) for catarrh, called Hyomet, which is a vaporized and so antiseptic that when it is breathed over the inflamed and germ-infested membrane, it kills all germ life and cures catarrh.

The price, including hard rubber inhaler, is only \$1.00, and money back if it doesn't cure. Extra bottle, 50 cents.

"I have tried almost every catarrh cure on the market without benefit. Have been using Hyomet for one week and feel like a new man already."—Wm. V. Gode, Newark, Ohio, June 21, 1909.

MI-ONA  
Cures Indigestion

It relieves stomach misery, sour stomach, belching, and cures all stomach disease or money back. Large box of tablets 50 cents. Druggists in all towns

Woman's Power  
Over Man

Woman's most glorious endowment is the power to awaken and hold the pure and honest love of a worthy man. When she loses it and still loves on, no one in the wide world can know the heart agony she endures. The woman who suffers from weakness and derangement of her special womanly organism soon loses the power to sway the heart of a man. Her general health suffers and she loses her good looks, her attractiveness, her amiability and her power and prestige as a woman. Dr. R. V. Pierce, of Buffalo, N.Y., with the assistance of his staff of able physicians, has prescribed a successful remedy for women's ailments. It is known as Dr. Pierce's Favorite Prescription. It is a positive specific for the weaknesses and disorders peculiar to women. It purifies, regulates, strengthens and heals. Medicine dealers sell it. No honest dealer will advise you to accept a substitute in order to make a little larger profit.

IT MAKES WEAK WOMEN STRONG,  
SICK WOMEN WELL.

Dr. Pierce's Pleasant Pellets regulate and strengthen Stomach, Liver and Bowels.

out to the brakeman, whose name is withheld by the Union Pacific officials, and his wife. Wilson is said to have paid \$2 for the pass. That he was able to have used the pass from Salt Lake City to Kansas City without being detected in the fraud, was due, the railroad men think, to the fact that he had with him a woman who passed as his wife. When the train left Kansas City, Wilson was alone. Conductor McFarlane, seeing that the pass was made out for a man and his wife, became suspicious and questioned Wilson closely as to how he had obtained the pass. Wilson is alleged to have replied that he was a brakeman employed by the railroad in Salt Lake City and that he had left his wife in Kansas City. McFarlane's suspicions that fraud was being committed by the man were confirmed by his evasive replies. He telegraphed to Denver to have Wilson arrested at the Union depot. Special Agent Patterson, detailed J. C. Gale, assistant special officer, to look out for the man. Wilson was arrested as soon

as the train arrived. He is liable to a heavy fine if the charges are proven. His case will be heard in the federal court at Denver in a few days.

## Young Girls Are Victims

of headache, as well as older women, but all get quick relief and prompt cure from Dr. King's New Life Pills, the world's best remedy for sick and nervous headaches. They make pure blood, add strong nerves and build up your health. Try them. 25c at all druggists.

The average man is satisfied with his past if he is past finding out.

## Sick Headache

This distressing disease results from a disordered condition of the stomach, and can be cured by taking Chamberlain's Stomach and Liver Tablets. Get a free sample at all dealers, and try it.

S.S.S. NATURE'S CURE  
FOR BLOOD POISON

Not only its proven ability to cure, but its absolute safety as a remedy has made S.S.S. the most desirable of all medicines for the treatment of Contagious Blood Poison. S.S.S. is made entirely of roots, herbs and barks of the forests and fields. It does not contain a particle of mercury, potash or any other harmful mineral to injure the delicate parts of the system, impair the digestion, corrode and irritate the lining of the stomach, or in any other way injure the health. It is Nature's blood purifier, harmless in its action and certain in its good results. S.S.S. removes the poison from the circulation, enriches the blood, and safely and surely cures Contagious Blood Poison. It builds up and strengthens the system by its fine tonic effects and leaves the patient not only cured of the disease, but stronger and in better health in every way. If you are suffering with Contagious Blood Poison S.S.S. is your most certain reliance; an honest medicine, and because of its vegetable purity, a safe treatment for any one. We have a special book on home treatment, which explains fully the different stages of the disease, also suggestions that will be helpful to you in the treatment of your case. We will be glad to send this book together with any medical advice desired, free to all who write.

## NOTICE FOR PUBLICATION

Department of the Interior, U. S. Land Office at Santa Fe, N. M., October 29, 1909.

Notice is hereby given that Julell Sheehan, of Watrous, Mora county, N. Mex., who, on April 13, 1908, made Homestead Entry (serial 01424), No. 12987, for W. 1-2 NE 1-4; SE 1-4 NE 1-4 and Lot 1, Sec. 17, Township 18 N. Range 21 E. N. M. P. Meridian, has filed notice of intention to make final commutation proof, to establish claim to the land above described, before Robert L. M. Ross, U. S. court commissioner, at Las Vegas, New Mexico, on the 17th day of December, 1909.

Claimant names as witnesses: Edward E. Johnson, of East Las Vegas, N. M.; Ernest Bagwell, of East Las Vegas, N. M.; Filiberto Pacheco, of Casa Grande, N. M.; William Smith, of Watrous, N. M.

10-30-1m MANUEL R. OTERO, Register.

A dispatch from Las Cruces to the Lander papers, says that the city is up in arms against the exhibitions in one of the tents of a carnival company that held forth in that city. It is alleged that one of the dancers in the tent appeared in "pristine" garb to the edification of a lot of bald-heads.

## Croup Cured and a Child's Life Saved

"It affords me great pleasure to add my testimony to that of the thousands who have been benefited by Chamberlain's Cough Remedy. My child, Andrew, when only three years old, was taken with a severe attack of croup, and thanks to the prompt use of Chamberlain's Cough Remedy his life was saved and today he is a robust and healthy boy," says Mrs. A. Coy, Jr., of San Antonio, Texas. "This remedy has been in use for many years. Thousands of mothers keep it at hand, and it has never been known to fail. For sale by all dealers."

Mrs. W. A. Nicholas of Albuquerque, is reported to be dying at Saint Joseph's hospital in that city from blood poisoning, caused by running a splinter into her hand recently. Two operations have been performed already to save her life.

## Forced Into Exile

Wm. Upchurch of Glenn Oak, Okla., was an exile from home. Mountain air, he thought, would cure a frightful lung-racking cough that had defied all remedies for two years. After six months he returned, death dogging his steps. "Then I began to use Dr. King's New Discovery," he writes, "and after taking six bottles I am as well as ever." It saves thousands yearly from desperate lung diseases. Infalible for coughs and colds, it dispels hoarseness and sore throat. Cures grip, bronchitis, hemorrhages, asthma, croup, whooping cough. 50c and \$1.00, trial bottle free, guaranteed by all druggists.
